REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Madison:

My service as superintendent of schools in this union began January 1, 1946. Therefore it is impossible for me to report on the schools as of the year 1944-45.

In my visits to your schools I find them comfortably housed, well supplied with teaching materials, and most important of all, a conscientious and capable staff of teachers doing a good teaching job. An unavoidable interruption of the school year during the first term has made a revision of the school calendar necessary, but we believe this has been arranged so that no real hardship will be imposed on anyone connected with the schools.

Madison is fortunate in having the following teachers: — Mr. Harry Kenny, Headmaster; Miss Faith Freeman, Assistant; Miss Beverly McIver, Junior High; Mrs. Manora Clayton, Corner School; and Mrs. Martha Kelley, Silver Lake School.

The scarcity of teachers still presents one of the most difficult problems entailed in the efficient operation of our schools. Reports throughout the country indicate that this condition will be true for some years to come.

The cordial and cooperative attitude of the members of the School Board and the teachers has made very pleasant the beginning of my term as superintendent. I assure you it is my most earnest wish to cooperate fully with the School Board, parents and teachers, that the schools of Madison may be most effectively conducted within the means of the community.

Respectfully submitted,
EVERETT H. BRASIER

February, 1946.

REPORT OF MADISON SCHOOL NURSE

Report of the School Nurse for the past year.

School Visits 58

Pupils Examined 91

Physical examinations, including height, weight and vision tests have been made. Individual inspections were carried out whenever necessary.

Result of Examinations:

Defective teeth 51

Defective Vision 16 (13 have been corrected)

Enlarged Tonsils 2

A very successful two-day Dental Clinic was held in the High School on Mar. 29th and Apr. 5th, with Dr. Deneault of Meredith. A summary of the Clinic shows that 35 pupils were treated with a total of 105 operations. Dr. Deneault was not able to give us the third day which we had hoped that he might. In fact Madison was the only town in the Union which was able to procure a Dentist, on account of war-time conditions.

A Tuberculosis Skin Test Clinic sponsored by the New Hampshire Tuberculosis Ass'n was held on May 23rd. Of the 81 children who were tested, there was not a positive reaction.

I again wish to express my appreciation to the Superintendent, the School Board and School Staff for their cooperation.

Respectfully submitted,

EVA A. HENEY, R. N.
